Synapse Terms and Conditions of Use

Last updated: **March 18, 2013**

Welcome to Synapse, a service operated by Sage Bionetworks, an IRS 501(c)(3) public charity (“**Sage Bionetworks**,” “**we**,” or “**us**”). These Terms and Conditions of Use (“**Terms**”) are a binding legal agreement between you and Sage Bionetworks regarding your use of Synapse, Sage Bionetworks’ computational and storage software platform enabling collaborative, data-driven research on integrative genomic datasets, including any replacements thereof and successors thereto (“**Synapse**” or the “**Service**”). Synapse is comprised of a publicly-available portion designed to enable combined analysis of genomic data (the “**Synapse Commons**”), as well as workspaces on Synapse designated as private by a Synapse user (“**Private Workspaces**”). Unless otherwise indicated in these Terms, all references to Synapse and the Service include both the Synapse Commons and Private Workspaces.

Please read these Terms carefully. By using Synapse, or downloading, uploading, installing, or using any genomic, molecular, phenotypic and/or other data from human or non-human sources (“**Data**”), any algorithms, tools, and other software code in source or object form (“**Software**”), or any other information and content (such content, including Software, is referred to in these Terms as “**Content**”) available on or through Synapse, you agree to be bound by this Agreement and use Synapse and all Data and Content in compliance with this Agreement. If you are using the Service on behalf of a company or other legal entity, you represent and warrant that you have the legal authority to bind such company or entity to this Agreement.

In addition, when using certain features of Synapse, you also will be subject to the guidelines, terms, and agreements applicable to such features (“**Policies**”). For example, the [Synapse Privacy Policy](#) describes the personal information Sage Bionetworks collects in connection to Synapse, and how we use and disclose such information. All such Policies, including the Synapse Privacy Policy and the [Synapse Commons Data Use Procedure](#) are incorporated by reference into these Terms. If these Terms are inconsistent with any Policy, the terms in the Policy will control to the extent of the inconsistency.

We may periodically make changes to these Terms and will identify the date of last update. We will post the updated Terms on Synapse and will also notify registered users when they log-onto Synapse of any material changes to these Terms, so please keep your registered email address current. Changes to the Terms will be effective upon being posted on Synapse, except as set forth below. Material changes to these Terms will be effective 30 days from posting of such change or receiving notification by email (“**Effective Date**”). We encourage you to review the most recent version of the Terms frequently and remain informed of any changes to these Terms. If you continue to use Synapse after we modify these Terms, you will be deemed to have consented to terms of the modified agreement for your use of Synapse as of the date of the modification. If you do not agree to any provision of these Terms, you must not use Synapse.

1. Eligibility

You must be 13 years of age or older to use Synapse. Use of Synapse is void where prohibited. You represent and warrant that any information you submit to the Services or otherwise to Sage Bionetworks, during registration or otherwise, is true and accurate, that you are 13 years of age or older, and that you are fully able and competent to enter into and abide by these Terms. Each account on Synapse may be used by one human, and each human may create only a single account.

2. Account Registration

You must register to use certain features of Synapse. When you register, you agree to (a) provide accurate, current and complete information about you as may be prompted by registration forms on Synapse (“**Registration Data**”); (b) maintain the security of any logins, passwords, or other credentials that you select or that are provided to you for use on Synapse; and (c) maintain and promptly update the Registration Data, and any other information you provide to us, and to keep all such information accurate, current, and complete. You will notify us immediately of any unauthorized use of your account or any other breach of security by emailing us at Synapseinfo@sagebase.org. If messages sent to an email address provided by you are returned as undeliverable, we reserve the right to terminate your account immediately with or without notice to you and without any liability to you or any third party, subject to applicable law.

3. Fees; No Refunds

Access to the Service presently is provided to you free of charge. Sage Bionetworks reserves the right to implement fees or change the fees for Synapse, or portions thereof, at any time by providing you notice on Synapse or otherwise.

4. Access to and Use of Data and other Content

a. Overview

Synapse gives registered users the ability to upload and make available to other users Data and Software. Any Data or Software that is posted or transmitted by any user of Synapse other than Sage Bionetworks is referred to in these Terms as “**User Materials**.”

Data will be made available through the Synapse Commons using a three-tier data use system, as discussed in greater detail in the [Synapse Commons Data Use Procedure](#) and the [Synapse Privacy Policy](#) (collectively, the “**Synapse Commons Data Terms of Use**”). This Section 4(a) contains a brief overview of the three-tier data use systems for the Synapse Commons, but you should review the Synapse Commons Data Terms of Use carefully. In the event of any conflict or inconsistency between this Section 4(a) and the Synapse Commons Data Terms of Use, the Synapse Commons Data Terms of Use govern to the extent of the conflict or inconsistency.

While it is Sage Bionetworks' policy to promote Data sharing with as few restrictions as possible (Open Data) on the Synapse Commons, the Synapse Commons accommodates Data sharing under restricted conditions when required by informed consent, legal contract and/or privacy requirements as disclosed by the Data contributor (Restricted or Controlled Data). This process is designed to allow Data sharing within the legal and ethical framework for responsible use of genomic Data.

- **Open Data (“Tier 1”)** includes data that may be shared with every Registered Synapse user in an unrestricted manner. Users have authority to access all Open Data following agreement to these Terms and Conditions of Use.

- **Restricted Data (“Tier 2”)** includes data that may be shared only following user agreement to comply with additional data-specific terms. These terms are imposed only when required to maintain protections, regulatory or legal conditions described as part of informed consent or legal contracts enacted during the process of Data generation and disclosed by the Data contributor.

- **Controlled Data (“Tier 3”)** includes data requiring additional protections for human subjects, like sensitive information or data from “vulnerable populations” as defined using [OHRP guidelines](#) and by the [European Data Protection Directive](#) and its implementation in applicable local law. Sharing of controlled data is considered to confer more than minimal additional risk of re-identification and/or harm to human participants and contribution or use of these data requires independent review/monitoring.

Individuals interested in submitting Data to the Synapse Commons must comply with the Synapse Commons Data Terms of Use, including their requirement to work with Sage Bionetworks to ensure that Data is shared using the appropriate terms of use and restrictions.

Subject to applicable law, we take no responsibility and assume no liability for any User Materials posted, stored, or uploaded by you or any third party, or for any loss or damage to any User Materials. Although we have no obligation to screen, edit, or monitor any User Materials posted on or transmitted through Synapse (other than Data posted to the Synapse Commons, to the extent described in the [Synapse Commons Data Use Procedure](#) and the [Synapse Privacy Policy](#)), we reserve the right, and have discretion, to remove and screen, any User Materials posted, stored, or transmitted on or through Synapse at any time and without notice.

Moreover, we provide you with the opportunity to use Private Workspaces on Synapse, and to only designate Content and Data as accessible to certain other Synapse users. We take reasonable measures in an effort to ensure that access to such Content or Data, or to any Private Workspace, by unauthorized individuals or entities will not occur, but we cannot guarantee that any such unauthorized access will not occur and make no representations or warranties in this regard.

b. Licensing

i. Software and Data

Subject to applicable law, if you post or transmit any Software or Data on or through Synapse, then you grant us and our subsidiaries and affiliates a nonexclusive, royalty-free, no-charge, perpetual, irrevocable, worldwide, fully sub-licensable right and license to use, reproduce, modify, adapt, publish, translate, create derivative works from, distribute, perform, and display such User Materials throughout the world in any media (provided, however, that the preceding right and license extends only to the extent reasonably necessary for us to host such Software or Data on Synapse and to make it available on Synapse and take other actions with respect to such Data as contemplated by these Terms and Conditions of Use and the Synapse Commons Data Terms of Use).

If you post or transmit any Software or Data on or through the Synapse Commons, then, subject to applicable law, unless you otherwise properly indicate other license terms or other terms and conditions, you grant us, our subsidiaries and affiliates, and all other users of the Synapse Commons a nonexclusive, royalty-free, no-charge, perpetual, irrevocable, worldwide right and license to use, reproduce, modify, adapt, publish, translate, create derivative works from, distribute, perform, and display such User Materials throughout the world in any media.

If you post or transmit any Software or Data to any Private Workspace, you may grant other users of such Private Workspace such rights and licenses as you deem appropriate.

ii. Other User Materials

If you post or transmit any User Materials other than Software, Data, and Registration Data on or through Synapse Commons, then, unless you or we indicate otherwise, subject to applicable law, you (a) grant us and our subsidiaries and affiliates a nonexclusive, royalty-free, no-charge, perpetual, irrevocable, worldwide, fully sub-licensable right and license to use, reproduce, modify, adapt, publish, translate, create derivative works from, distribute, perform, and display such User Materials throughout the world in any media; (b) grant us, our subsidiaries and affiliates, and all other users of Synapse, a nonexclusive, royalty-free, no-charge, perpetual, irrevocable, worldwide, fully sub-licensable patent license to make, have made, use, offer to sell, export, and otherwise transfer such User Materials both on and off of Synapse; and (c) grant us and our affiliates, subsidiaries, and sub-licensees the right to use the name that you submit in connection with such User Materials, if we choose, in each case subject to applicable law.

c. Synapse Commons Data Content, Access and Use Procedures

These Terms and Conditions of Use, the [Synapse Commons Data Use Procedure](#) and the [Synapse Privacy Policy](#) govern all use of, and all contributions of, all Data to the Synapse

Commons. All use of, and all contributions of, Data on the Synapse Commons must comply with these terms.

Without limiting the generality of the foregoing, (a) all contributors and users of Data must take all actions described in the Synapse Commons Data Terms of Use with respect to the Data they contribute or use; and (b) your access to and use of certain types of Data may be subject to additional terms and conditions that you will be required to agree to before receiving access to such Data.

Data and Content contributed to Private Workspaces are not reviewed or monitored by Synapse, but all contributions of User Materials (including, without limitation, Data) thereto must comply with these Terms.

d. Representations and Warranties

If you post or transmit any User Materials on or through Synapse, then you represent and warrant that (i) you own and control all of the rights to the User materials that you post or transmit, or you otherwise have the right to post such User Materials to Synapse and to specify use of such User Materials by us and by other users of Synapse; (ii) all Data is de-identified in accordance with the Health Insurance Portability and Accountability Act of 1996 and its implementing regulations, as amended (“**HIPAA**”), (iii) you have obtained any and all consents, waivers, authorizations and/or institutional or independent review board (IRB) approvals necessary to provide the Data for use on the Synapse Commons and/or Private Workspaces, as applicable, (iv) when posting or transmitting genomic Data from EU individuals and/or if required by applicable privacy laws and regulations, you have verified that specific, informed and freely given consents was obtained prior to posting or transmitting genomic Data on or through Synapse; and (v) the use and posting of User Materials you supply does not violate the Synapse Commons Data Use Procedure or these Terms, will not violate any rights of or cause injury to any person or entity, and will not otherwise create any harm or liability of any type for us or for third parties.

All Content accessible through Synapse is for informational purposes only. Materials are not a substitute for professional advice on any matter, medical or otherwise. Always seek the advice of a qualified health professional. Sage Bionetworks does not recommend or endorse any treatment, institution, professional, physician, product, procedure or other information that may be mentioned through Synapse.

- 5. API Terms.** We may offer users the ability to access Data via an application programming interface (“**API**”). Any use of the API, including use of the API through a third-party product that accesses Synapse, is bound by these Terms and Conditions of Use plus the following specific terms:

- a. Abuse or excessively frequent requests to Synapse via any API (as determined by us in our sole discretion) may result in the temporary or permanent suspension of your account’s access to the API.

6. Use Restrictions

In your use of Synapse, you agree not to:

- a. Contribute any Data to Synapse that is not de-identified in accordance with the HIPAA Privacy Rule and any other applicable privacy laws and regulations (for information about de-identification in accordance with the HIPAA Privacy Rule, please visit <http://www.hhs.gov/ocr/privacy/hipaa/understanding/coveredentities/De-identification/guidance.html>);

TO THE FULLEST EXTENT PERMISSIBLE PURSUANT TO APPLICABLE LAW, SAGE BIONETWORKS OR ITS OFFICERS, DIRECTORS, LICENSORS, OR SUPPLIERS WILL NOT BE LIABLE TO ANY PARTY UNDER THESE TERMS OR OTHERWISE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE USE OR ACCESS OF OR INABILITY TO USE OR ACCESS THE SERVICE OR ANY CONTENT OR DATA (INCLUDING USER MATERIALS) MADE AVAILABLE THROUGH THE SERVICE, INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, DATA, OR OTHER INTANGIBLE LOSSES (EVEN IF SAGE BIONETWORKS OR ANY SUPPLIER OR LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF THESE DAMAGES).

TO THE FULLEST EXTENT PERMISSIBLE PURSUANT TO APPLICABLE LAW, THE MAXIMUM TOTAL LIABILITY OF SAGE BIONETWORKS AND ITS SUPPLIERS AND LICENSORS TO YOU FOR ALL CLAIMS UNDER THESE TERMS OR OTHERWISE IN CONNECTION WITH THE SERVICE AND ANY CONTENT OR DATA (INCLUDING USER MATERIALS), WHETHER IN CONTRACT, TORT, OR OTHERWISE, IS \$50. THIS SECTION 16 DOES NOT EXCLUDE OR LIMIT THE LIABILITY OF SAGE BIONETWORKS FOR ANY LIABILITY THAT CANNOT BE LIMITED OR EXCLUDED BY LAW, INCLUDING, IN CERTAIN JURISDICTIONS, LIABILITY FOR FRAUD OR FOR DEATH OR PERSONAL INJURY RESULTING FROM NEGLIGENCE OF SAGE BIONETWORKS.

APPLICABLE LAW MAY NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY OR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS IN THIS SECTION MAY NOT APPLY TO YOU. IN SUCH CASES, YOU AGREE THAT BECAUSE SUCH WARRANTY DISCLAIMERS AND LIMITATIONS OF LIABILITY REFLECT A REASONABLE AND FAIR ALLOCATION OF RISK BETWEEN YOU AND SAGE BIONETWORKS, AND ARE FUNDAMENTAL ELEMENTS OF THE BASIS OF THE BARGAIN BETWEEN YOU AND SAGE BIONETWORKS, SAGE BIONETWORKS' AND ITS LICENSORS' AND SUPPLIERS' LIABILITY WILL BE LIMITED TO THE MAXIMUM EXTENT PERMITTED BY LAW.

EACH PROVISION OF THESE TERMS THAT PROVIDES FOR A LIMITATION OF LIABILITY, DISCLAIMER OF WARRANTIES, OR EXCLUSION OF DAMAGES IS TO ALLOCATE THE RISKS UNDER THESE TERMS BETWEEN THE PARTIES. THIS

ALLOCATION IS AN ESSENTIAL ELEMENT OF THE BASIS OF THE BARGAIN BETWEEN THE PARTIES. EACH OF THESE PROVISIONS IS SEVERABLE AND INDEPENDENT OF ALL OTHER PROVISIONS OF THESE TERMS. THE LIMITATIONS IN THIS SECTION WILL APPLY EVEN IF ANY LIMITED REMEDY FAILS OF ITS ESSENTIAL PURPOSE TO THE EXTENT PERMITTED BY APPLICABLE LAW.

18. General Legal Notices

Our failure to act in a particular circumstance does not waive our ability to act with respect to that circumstance or similar circumstances. Any provision of these Terms that is found to be invalid, unlawful, or unenforceable will be severed from these Terms, and the remaining provisions of these Terms will continue to be in full force and effect. The section headings and titles in these Terms are for convenience only and have no legal or contractual effect. Any provision in these Terms that by its nature should survive the termination of your license to access the Service or any termination of these Terms (including, without limitation, provisions governing indemnification, limitations on liability, disclaimers of warranty, and ownership of intellectual property) will continue to remain in full force and effect after any such termination.

To the extent permitted by applicable law, these Terms are governed by the laws of the State of Washington, excluding conflicts of law principles, and any controversy or claim arising out of or relating to the Service or these Terms must be commenced within one year after the claim arose and will be settled by binding arbitration in accordance with the commercial arbitration rules of the American Arbitration Association. Any such controversy or claim will be arbitrated on an individual basis, and will not be consolidated in any arbitration with any claim or controversy of any other party. The arbitration will be conducted in King County, Washington and judgment on the arbitration award may be entered into any court of competent jurisdiction. The award of the arbitrator will be final and binding upon the parties without appeal or review except as permitted by Washington law. Either party may seek any interim or preliminary injunctive relief from any court of competent jurisdiction, as necessary to protect the party's rights or property pending the completion of arbitration. If, under local law, you are able to bring a claim in the court of a country other than the U.S., the laws of the State of Washington, excluding conflicts of law principles, will apply to the claim.
